

## Do you have Gates or Saloon Doors in your life?

Gates are controlled barriers, saloon doors always open both ways. Gates represent controlled authority-who or what comes in or goes out, saloon doors show the entrance and exit of the place.

Have you wondered why don't get the healing?  
Have you wondered why just when you start getting ahead it sees to fall apart?  
Have you ever asked yourself why you always felt driven to perform and work to not lose it all?

These are some of the problematic problems one encounters as a Christian. As believers in Christ in which all God's promises are Yes and Amen we like to know the answers to the above questions and no doubt many more. As believers we encounter real spiritual oppositions and robbers of the blessings of God. The spiritual reasons for these oppositions are not normally taught yet are the reason why the children of God backslide feel rejected by God are sick and live in poverty.

The lack of spiritual knowledge is the cause of most of the believers' bondage, sickness and even premature death through the curses brought on by fear, rebellion and continuous un-repentant attitude of disobedience. It is like the prophet Isaiah writes - "Therefore my people are gone into captivity, because they have no knowledge: and their honourable men are famished, and their multitude dried up with thirst." (Isaiah 5:13), and we read in Hosea 4:6-"My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children."

As the Kingdom of God operates through faith and grace the kingdom of darkness operates totally on "legal rights" of satan in the life of the believer(s). Jesus came to fulfill the Old Testament covenants and laws. In the Old Testament God shows repeatedly...that the whole family pays for the sins that their forefathers committed...as well as those who sin in the "camp", (Joshua 7). (This applies to a family, group or Church as well).

The "sins of the fathers pass to the third and fourth generation", (Exodus 20:5).

These sins continue on as each successive generation continues to live in the disobedience of these sins. If they don't manifest after the present generation...then it might be that they are broken through repentance or obedience, although it is extremely difficult to discern certain behaviour patterns as curses from the forefathers. If there are definite peculiar a-social behaviour patterns one may

well consider the need to have past-generational curses, claims and connections broken in one's life.

Un-confessed sins of rebellion against God, Christ and the Church in the past are curses that still continue on today. The curse of bareness, vagabond, insanity through pride, sicknesses and others are just the beginning of many (See Deut. 28). The curses are carried out by God and preyed upon by satan. Based upon transgressing and the continual breaking of God's laws a person ensnares himself/herself by the curses related to the transgressions.

In this sinful rebellion satan has the legal rights to seize upon the curses and inflict psychological physical and social conflict upon a person even upon believers. God is not the author of any harm, tempter cause of ill-will in the life of the believer. (James 1:13). In the accomplished redemption of His Son Jesus Christ on the cross God will never bypass the provision of sacrifice of His Son in bringing sickness or any discomfort to His Church. God is the "Father of mercies and the God of all comfort." (2 Cor. 1:3)

The horrible reality in life on earth is that satan will afflict, rob and kill anyone of God's children when given the opportunity, (John 10:10a) Jesus Christ on the other hand came to bring life, (John 10:10b). Satan has many opportunities and open doors in the lives of believers who live in idolatry, strife and negative fear filled attitudes, have cancer, diabetes, lupus, and other sickness and hardships in their lives. His changes for health and prosperity are even less. This is why cursing God's servants is not real spiritually healthy thing to do. The resulting curse falls first on their own heads and then down the family lines it goes. In order to get and stay free the believers must understand the power of "Legal Rights" given to satan if sin is not repented off. The throne room is like a court room. Satan as the accuser of the brethren (Prosecuting attorney), Jesus, in His intercessory role of the past and present at the right hand of the God the Father who is the ultimate decision maker (Judge). Satan comes before the throne and shows legal rights to attack your soul. It is decided on if the claims are still valid or removed by the blood of Jesus, our propitiation) and the power of the Spirit in the name of Jesus. If curses are in place he is allowed to do as petitioned against your family. (1 John 2:1-2)

### Causes for curses:

- 1) Generational curses (sins of the Fathers)
- 2) Witchcraft curses through involvement in occult practices or through inheritance.
- 3) Words & curses spoken to you and by you, (Isa. 54:17).
- 4) Idolatry, fornication, tempting God and murmuring, (1 Cor. 10:7-14).
- 5) Ungodly oaths, decrees, claims
- 6) Open doors through personal sins
- 7) Curses passed on by ungodly ties to things or people

### 1) GENERATIONAL CURSES-

They are the most complicated of all curses. This is why we see families passing down diabetes, cancer, seizures, obesity, insanity and other problems.

Most Pastors don't understand the reasons why people don't get healed and blame it on the sick person's "lack of faith", which results in false guilt. "My people perish through lack of knowledge!" After learning about breaking the generational curses. I have seen most of those people healed never to return.

### 2) WITCHCRAFT CURSES THROUGH INVOLVEMENT IN OCCULT PRACTICES OR THROUGH INHERITANCE

Sadly many pastors/teachers tell the members that a Christian cannot be cursed. The bible just says that a "curse cannot light without a cause". They don't understand the "legal rights" through which we can be cursed. These can be broken in the daily prayers. If someone has been involved in the occult the person needs to repent establish themselves in God's forgiveness then denounce and renounce the associated powers. Insufficient dealing with this bondage will result in life long harassments and trouble.

### 3) WORDS AND CURSES SPOKEN-

These can be curses spoken by others or by yourself. The ones that hold the most weight are those spoken by yourself your parents or a spiritual leader, a pastor or a priest. When parents label a child saying, "He'll never change" or "She'll be just like her mother" "she'll never find a good man". We will respond telling ourselves that "Nothing ever goes right for me" "I'll never find someone to love me" By now these spoken labels become incorporated in your opinion of yourself. You begin to act and to project yourself according to these curses.

The power of these words are unbelievable "legal rights" for the kingdom of darkness! These words need broken and removed from the spirit realm. This is done by first forgiving those people that have spoken them out over you and repent of having believed them to be true while God has a view of love and peace for you.

### 4) IDOLATRY, FORNICATION, TEMPTING GOD AND MURMURING-

The Apostle Paul presents a stern warning to the Corinthian Church citing some of the reasons for the past failures of Israel during their wilderness wanderings under Moses as their leader. They received a prophetic promise to give them identity and an example in Christ as the Rock, but wondered why God didn't come through for them. (1 Cor.10:7-10, 11, 12-14).

### 5) UNGODLY OATHS, DECREES AND CLAIMS

There are many forms of these oaths and decrees which are spoken by others over you or by yourself. These are the cause of many broken up marriages. These are words also spoken the same way. They can be as simple as someone saying, "Little Jimmy, I'll never truly love anyone but you!" That is an oath. We also must look at shriners/mormons and others in the generations who dedicate themselves and their families to futuristic projected oaths. There is more determined in one's life through determined manipulation of witchcraft than most of us can believe. Demons move on family members to decree and establish "legal rights" over their grandchild, nephew, niece or other family members.

These must be broken before freedom from those dedications, promises or oaths can be experienced

### 6) OPEN DOORS THROUGH PERSONAL SINS-

These go without much need for details. Adultery, perversion, bondage of drugs or alcohol, lies, stealing and any sins we committed are legal rights for satan to attack us. You may quit the sins, but you know why they pull at your mind? The rights for the demons to stay are not broken! They are allowed to tempt you in your weak points! There are specific prayers that need to be spoken. Usually they are connected to generational curses which need to be broken to be free.

### 7. Curses passed on by ungodly ties to things or people

Another important teaching on "sin in the camp" or family. When you become yoked to something or someone you become a "legal right" target for their sins. When you get married the spirits which come down through the bloodline to those you married now have legal rights to attack you and your children. Many times I have seen happily married families join Churches and the pastor or leadership lived in adultery. Many of the members of the Church fell into that also! marriages began to struggle and eventually fell apart. Because these sins are part of a controlling spirit the Church splits. Spiritual leaders must take care of their own generational sins. These are referred to as "Ungodly soulties" (See article on soulties). Remember what happened if some in the camp had unconfessed sins? The camp suffered! These legal rights need to be repented of, denounced and broken.

### Speaking curses or blessings

We are called to bless therefore we do not send curses back. We are not called to curse or to bring curses upon people. We are told to "BLESS them who curse you". The power of blessing is greater than the curses. If someone sent you "accidental death" or curses of death of any kind when you sent them they might possibly get sick or die. You're doing demonic witchcraft on others like the demons do. You have moved into the same league as satan. We are disciplined to cast the accuser out of the heavenlies (Rev. 12), and first of all need to be renewed to love free from any retaliation.

Curses come from people and are amplified by demonic forces are all curses which can and must be broken after all legal rights are taken care of. Submit to God and then resist or brake the curses of the devil, (James 4: 7; Isa. 54:17). There are so many sincere ministers whose lives are finished before their ministry bears permanent fruit because these unresolved legal rights allow them and the Church to be attacked by many kinds of demonic powers.

Today the Lord Jesus Christ is preparing an army to bring forth a discerning and powerful anointing to set the Church free from the world. As leaders acknowledge that with a humble attitude, void of doing their own thing, i.e. rebellion like in the life King Saul (1 Sam. 15; Matt. 7: 21-27) relying on the Holy Spirit and not on their organizational traditions (Matt. 15; Mark 7) and are open for this revelation to work in their Churches we will see the freedom and worship come to the Church that many have longed for.

Many healings and deliverances occur automatically during the ministry and group prayers. Legal rights are broken and the Lord Jesus Christ moves in by the Spirit and "sets the captives free".
